Covington, OH 45318

How to Use Accord

For a small monthly investment, your customer can get the equipment they need — and own it at the end of the term.

There are several easy ways to submit an application to us:

- Call our office at 800-347-4977 and give us your customer's name, phone number and approximate equipment cost. We will contact them directly — and call you right back.
- Tell your customer to call us at 800-347-4977, and we will take the application over the phone.
- Have the customer fill out one of our applications and fax it to 937-473-5990.
- Visit us at www.accordfg.com and fill out a secured application.

You and your customer will be notified of a credit decision as quickly as possible.

Call us any time — even if it's just to ask a question — or to say hello.

We are dedicated to you and your customers.
